Dear Mr. Speaker,

Vienna, 23 December 2011

GZ. 03090.1523/2-A3./2011

First of all, let me thank you for the efforts you have undertaken thus far in attempting to reach an agreement on the format of a future Interparliamentary Conference on the Common Foreign and Security Policy, including the Common Security and Defence Policy, which can hopefully be accepted and adopted by all national parliaments and by the European Parliament at our next EU Speakers' Conference in Warsaw in 2012.

I think we have come a long way, and that a solution is within reach. Both myself and the Speaker of the Austrian Federal Council, Ms. Susanne Neuwirth, support your proposal for a delegation of the European Parliament comprising 16 MEPs, and national delegations composed of 6 MPs (4 members and 2 alternate members), provided that all of them can attend and take the floor during meetings.

I have addressed the same letter to the Marshall of the Sejm.

Wishing you much success in the further proceedings and looking forward to meeting you in Warsaw, I remain

Yours sincerely,
