COMMUNICATION FROM THE COMMISSION TO THE EUROPEAN PARLIAMENT, THE COUNCIL, THE EUROPEAN ECONOMIC AND SOCIAL COMMITTEE AND THE COMMITTEE OF THE REGIONS

A Renovation Wave for Europe - greening our buildings, creating jobs, improving lives

{SWD(2020) 550 final}

EN EN

Annex: The Renovation Wave: key Commission actions and indicative timelines

Strengthening information, legal certainty and incentives for reno	vation
Revision of Energy Performance Certificates and proposal to introduce mandatory minimum energy performance standards for all types of buildings in the EPBD	2021
Revision of requirements on energy audits in the EED	2021
Proposal on Building Renovation Passports and introduction of a single digital tool unifying them with Digital Building Logbooks	2023
Developing a 2050 whole life-cycle performance roadmap to reduce carbon emissions form buildings and advancing national benchmarking with Member States	2023
Reinforced, accessible and more targeted funding supported by technical	al assistance
Proposed strengthened financing for the ELENA facility from the InvestEU advisory hub and possibly from other European programmes	2021
Consider the introduction of a 'deep renovation' standard as part of the EPBD revision	2021
Revising the climate-proofing guidelines for projects supported by the EU	2021
Supporting de-risking energy efficiency investments, and proposing to incorporate environmental, social and governance (ESG) risks into the Capital Requirements law and the Solvency II Directive	2021
Reviewing the General Block Exemption Regulation and Energy and Environmental Aid Guidelines	2021
Creating green jobs, upskilling workers and attracting new tale	ent
Supporting Member States to update their national roadmaps for the training of the construction workforce through the Build Up Skills Initiative and helping implement the 2020 European Skills Agenda	2020
Sustainable built environement	
Reviewing material recovery targets and supporting the internal market for	2024

Presenting a unified EU Framework for digital permitting and recommending Building Information Modelling in public procurement Supporting digitalisation in the construction sector through Horizon Europe, Digital Innovation Hubs and Testing and Experimentation Facilities Placing an integrated participatory and neighbourhood based approach at the hear of renovation Setting up a creative European Bauhaus platform to combine sustainability with art and design Supporting sustainable and decarbonised energy solutions through Horizon Europe and the R&I co-creation space Facilitating the development of energy communities and local action through the European Smart Cities Marketplace Supporting the development of climate-resilient building standards Tackling energy poverty and worst-performing buildings Launching the Affordable Housing Initiative piloting 100 renovation districts
Supporting digitalisation in the construction sector through Horizon Europe, Digital Innovation Hubs and Testing and Experimentation Facilities Placing an integrated participatory and neighbourhood based approach at the hear of renovation Setting up a creative European Bauhaus platform to combine sustainability with art and design Supporting sustainable and decarbonised energy solutions through Horizon Europe and the R&I co-creation space Facilitating the development of energy communities and local action through the European Smart Cities Marketplace Supporting the development of climate-resilient building standards Tackling energy poverty and worst-performing buildings Launching the Affordable Housing Initiative piloting 100 renovation 2021
Supporting digitalisation in the construction sector through Horizon Europe, Digital Innovation Hubs and Testing and Experimentation Facilities Placing an integrated participatory and neighbourhood based approach at the hear of renovation Setting up a creative European Bauhaus platform to combine sustainability with art and design Supporting sustainable and decarbonised energy solutions through Horizon Europe and the R&I co-creation space Facilitating the development of energy communities and local action through the European Smart Cities Marketplace Supporting the development of climate-resilient building standards Tackling energy poverty and worst-performing buildings Launching the Affordable Housing Initiative piloting 100 renovation 2021

Setting up a creative European Bauhaus platform to combine sustainability with art and design Supporting sustainable and decarbonised energy solutions through Horizon Europe and the R&I co-creation space Facilitating the development of energy communities and local action through the European Smart Cities Marketplace Supporting the development of climate-resilient building standards 2020 Tackling energy poverty and worst-performing buildings Launching the Affordable Housing Initiative piloting 100 renovation 2021
Supporting sustainable and decarbonised energy solutions through Horizon Europe and the R&I co-creation space Facilitating the development of energy communities and local action through the European Smart Cities Marketplace Supporting the development of climate-resilient building standards 2020 Tackling energy poverty and worst-performing buildings Launching the Affordable Housing Initiative piloting 100 renovation 2021
Europe and the R&I co-creation space Facilitating the development of energy communities and local action through the European Smart Cities Marketplace Supporting the development of climate-resilient building standards Tackling energy poverty and worst-performing buildings Launching the Affordable Housing Initiative piloting 100 renovation 2020
through the European Smart Cities Marketplace Supporting the development of climate-resilient building standards Tackling energy poverty and worst-performing buildings Launching the Affordable Housing Initiative piloting 100 renovation 2021
Supporting the development of climate-resilient building standards 2020 Tackling energy poverty and worst-performing buildings Launching the Affordable Housing Initiative piloting 100 renovation 2021
Tackling energy poverty and worst-performing buildings Launching the Affordable Housing Initiative piloting 100 renovation 2021
Launching the Affordable Housing Initiative piloting 100 renovation 2021
Public buildings and social infrastructure showing the way
Proposing to extend the requirements for renovation to buildings in the EED to all public administration levels
Based on Level(s), developing green public procurement criteria related to life cycle and climate resilience for certain public buildings
Decarbonising heating and cooling
Developing ecodesign and energy labelling measures 2020
Assessing the extension of the use of emission trading to emissions from buildings
Revising the RED and the EED and considering strengthening the 2021
Revising the RED and the EED and considering strengthening the 2021
